ACME TOWNSHIP PARKS & TRAILS MEETING ACME TOWNSHIP HALL

6042 Acme Road, Williamsburg MI 49690 November 17th, 2017 8:30 a.m.

Call to order: 8:35 **ROLL CALL:**

Committee:	X	Feringa	X	Heflin	X	Heffner	X	Jenema
	X	Smith	X	Timmins	X	Wentzloff		
Advisory:	X	Heinert/Krogulecki	X	Kushman/Clark				
Staff:	X	Winter						

- A. **PUBLIC COMMENT:** None
- B. APPROVAL OF AGENDA: Timmins, 2nd. By Heffner. Motion to approve the agenda. Motion carries
- C. INQUIRY AS TO CONFLICTS OF INTEREST: None
- D. CORRESPONDENCE: none

E. ACTION:

1. Approve Parks & Trails Minutes 11/20/2017 - Motion by Timmins 2nds Wentzloff to approve the minutes with the correction of Kohlmann and Valley city signs. Motion carries.

F. OLD BUSINESS:

1. **Bayside Park Updates- Krogulecki**- Update from Kevin Paperwork from the state was delayed due to glitch with park boundaries. It has been worked out with the help of Jay, Jeff and Tamara at the state. Everything is now set to begin.

Helsel's tree service will work on clearing trees for the new parking area. Discussed new parking lot boundary. Trees are flagged for easy identification.

Shell gas station parking lot encroaches on park land. Worked it out with Shell to change where Shell piles their snow, so as to not upset any of the parks landscaping.

Discussed rebuild and drainage of the old section of the parking lot.

Discussed Shores beach lane, the boundary lines. Talked about the traffic patterns at the light at US 31& US72.

Kevin believes that the parking lot will be started in spring, with tree removal this winter.

Heffner asked about the time frame.

Kevin believes it will take about a month to finish the parking lot. As the parking lot is being worked on other projects will be started simultaneously.

Tart trail will be 10' asphalt with a 2'gravel shoulder. Berming will be a bit limited due to need for a larger stormwater basin. Amy talked about limiting some berms due to visibility of the water.

Berming will be on the other side of the trail (away from road)

Discussed how berming won't cut the sound from the road.

The trail is only about 4-5' from the right of way, berms may impede in the right away, Kevin questioned what MDOT would allow.

Heffner asked about plantings.

Winter and Kevin talked about the possibility of that, but that MDOT could ask us to rip them out if they want, if anything is planted in the right of way. Also how close the plants would be to the road and the salt and snow that would be pushed on the plants in the winter.

Kevin recommended grasses in that area. Jenema, talked about annuals, but that, that would be

labor intensive and the garden club or some other club would have to take responsibility. Discussion continued.

Proposed plants on the plan are not set in stone so they may change as the project moves forward, they are all native plants.

Kevin went over the play structures, nothing has really changed. 2 sun.shade structures. Bike racks, people liked how many bikes they held. Kevin believes that most of the furniture and bike racks will be purchased directly by the township for cost effectiveness.

Went over areas of landscape restoration. Went over the stormwater in the park, storm drains and permeable pavement in the parking lot, and the maintenance involved in the parking lot. Back parking lot, Kevin went over "no mow" areas. Keeping large trees around parking lot, designed the parking lot to keep the big trees. Evergreens will be planted in islands in the parking area. No mow areas will have a ground cover that will function best in the environment it is planted.

Feringa discussed sharing the no mow areas with the maintenance staff to ensure there is no accidental mowing. Kevin talked about needing to develop a maintenance plan to deal with the new planted areas in the park. Takes a little more maintenance than dealing with turf.

- a. Updated Playground & Shade Structure Details
- **b.** Landscape Restoration & Updated Irrigation Plans- working with Spartan irrigation, they laid out the plan, will have irrigation in all the turf areas.

Heffner asked about rain sensors, to curb added run off.

Kevin said sensors are not a problem and they are pretty standard nowadays, control boxes will be by the well and future gazebo, the panel will be screened with evergreens. Wentzloff talked about needing constant water to get turf to establish.

Kevin talked about bring in 4-6 inches of soil, and using hydor seed with a straw blanket to protect from the wind.

Heffner asked about construction schedule.

Kevin said plans are ready, but won't have an actual start date until we go to bid. Waiting on the State for approval to go to bid, plans go to the board first to pick companies then it goes through the state for final approval. Jenema asked if it's a 3-4 month project. Kevin believes that it is closer to 4 months, a lot can happen concurrently.

c. Electrical & Lighting Plans- Discussed rerouting of electrical, discussed lighting, 11 lights total to illuminate key areas of the parking lot and trail. All tall lights are in the plan, due to park hours lights will be turned off shortly after dusk, they are on a programmable timer. May work with Michigan lighting systems, the materials for the lamp post will be the same as the other features in the park.

Wentzloff asked about ballard lighting along the main loop to keep the view shed. Discussed where lower lighting would be a better fit.

Discussed placement of all the lights in conjunction with features within the park.

- 4 lights around main walking circle
- 4 lights in the parking area
- 2 lights down near the down near the south end,
- 1 light near the cross walk

2. Trail Updates

A. Yuba Park Natural Area- Zollinger, Winter, Nels Veliquette met with Jacob from the Land Conservancy, to look at trail connections. LaPointe, Heffner and Steve Lagerquist met earlier and walked to possible scenarios. The blue trail(on map) is preferred due to vegetation density and slope.

Heffner asked who would be doing the main trail work. Winter responded it would be the Land Conservancy's Americorp workers.

South end of park there is a step trail, they would like to reconnect it to make a whole

loop. Pg4, explored options of cutting through Veliquette property, Veliquette wonders if the option to purchase the back 5 acres (by the land conservancy) or if it would be an easement. Work continues, will schedule with Americarp volunteers once we know the definite trail path.

Discussed trail building volunteers.

- b. Wintergreen Woods (GTRLC property adjacent to Sayler Park)- Winter, got an email from Jake about the campground that the conservancy purchased. Jake would like to know if the township has plans for trails, so the to park can plan in conjunction with each other. Discussion followed. Jenema will take the idea to the board about the idea of planning trails through Saylar park and working with the conservancy.
- c. Sewer Project (Four Mile to Three Mile) construction did start and the trail is closed for the project. Winter didn't think it would start until spring but it started in fall, right now the detour uses the sidewalks in East Bay, but they are not plowed in the winter. Zollinger is having Jeff Jocks look into the liability issue, if we smooth the trail out before the asphalt is laid down so people can still ride on it. Hoping we can find a solution for winter trail users. Working with Beth Friend at East Bay to find options. Bunker Hill to 5 mile, just waiting for DTE to give the go ahead to reopen, it is all paved. Trails are now 10' wide.
- **d.** TVC2CHX Options (north of Bayside Park)
- e. Trail Easement Agreement Language Discussed the easement with the Samaritas, Jeff is going over the language one more time before passing it on to John DeMarsh, hope to do that by December.

Easment through Holiday Inn property, The Holiday Inn board voted for the easement through their property. TART paid for the legal fees and the cost of drawings and legal description that Wellsfargo required before they would move forward with the easement. Once it all goes through maybe able to start looking at engineering plans. Have \$15k from the 2% grant to pay for engineering for the trail. TC trail from Traverse going North. The shores is not an option so other options were discussed.

Motion by Heffner 2nd. By Heflin to go with Option B. Motion carries

Jenema asked about getting an updated plan to take to the board. Clark asked about sidewalks, Winter said new business would have to put in sidewalks, but the township has no plans as of now.

Clark talked about the village of Elk Rapids, there is a dedicated group of individuals that refuse to give up. The village of Elk Rapids would still like to connect to Maple Bay and they are doing fundraisers to raise the preliminary designs money.

Fishermans Island has agreed to match the 100k that Charlevoix is raising to create trails through the State park, it would connect the Lake to Lake trail, outside of Charlevoix, near Bell Bay Rd.

Discussed more of the trail from Maple Bay and Nels Veliquette working with farmers to pick the trail route.

3. Park System Signage

- a. Kiosk Signs (rules, information, etc.)-Winter presented some examples that were sent from Jacob at the land conservancy, just as examples for the committee to think about. Discussion followed about easy sign design, and ability to replace parts and pieces when needed.
- **b.** Monument Signs (Valley City, Signplicity)

4. Park Rules (no action) Tabled

Heffner asked about the generator at the pump station at Bunker Hill, Jenema said a permanent generator will be going in there.

G. **NEW BUSINESS:** none

H. PUBLIC COMMENT Jenema talked about starting the capital improvement project.
Winter shared that Eagle Eye drone photo came out to capture images of Bayside park, they will come back in the spring to do it again.

ADJOURN: Motion to adjourn Timmins 2nd. By Wentzloff. Motion carries 10:40

ACME TOWNSHIP PARKS & TRAILS MEETING ACME TOWNSHIP HALL

6042 Acme Road, Williamsburg MI 49690 November 17th, 2017 8:30 a.m.

ADJOURN:

ACME TOWNSHIP PARKS & TRAILS MEETING ACME TOWNSHIP HALL

6042 Acme Road, Williamsburg MI 49690 October 20th, 2017 8:30 a.m.

ROLL CALL:

Committee:	X	Feringa	excused	Heflin	X	Heffner	X	Jenema
	X	Smith	X	Timmins	X	Wentzloff		
Advisory:		Heinert	excused	Kushman				
Staff:	X	Winter						

- A. **PUBLIC COMMENT:** None
- **B. APPROVAL OF AGENDA:** Wentzloff motion to approve agenda, with addition of F. 6, meeting times. Timmins 2nd. **Motion carries**
- C. INQUIRY AS TO CONFLICTS OF INTEREST: none
- D. CORRESPONDENCE:
- E. ACTION:
 - 1. Approve Parks & Trails Minutes 09/15/2017-Timmins made motion to approve minutes, 2nd. By Heffner By with the changes to the trail from 5 mile to Bunker Hill Rd. added. Wentzloff abstained

Motion carries

F. OLD BUSINESS:

- 1. Bayside Park Updates
 - a. Playground Equipment Feedback-Winter reported positive public feedback. Discussed keeping all the elements of the park open and "see through" and within the townships price point. Everything we saw on the plan fits the townships budget.
 - **b.** Bayview Inn Event Recap -Jenema gave a recap. Said there was a good turnout, was positive as a whole. Some different foundations were present
 - c. Impact 100 Update Winter- Acme didn't make the final cut. In our area, Hickory Hills was the nominee.
 - d. Non-motorized Watercraft Rental Status- Jenema didn't present it to the board due to the overloaded agenda. She will put it on the board agenda in November.

Jenema and Feringa gave a breakdown of the capital improvements seminar and how it applies to trails. Which were 3rd on the list of important elements, after sewer and water, to draw people to the community.

2. Trail Updates - Winter, talked to Kushman. Kushman has broken through with Wellsfargo, the bank that holds the mortgage on Holiday Inn, talking to Klaus about reviewing an easement and seeing what it would cost. Tart is paying the \$2000 retainer fee to forward the project. Will hear back from Klaus with an estimate.

Winter got the commitment letter for Samaritas, not legally binding but a step in the right direction, more like an MOU. Outlines access for trail and other details of who is responsible for what.

Heffner asked about Dan Kelley's property, and the trail going through it.

Shawn talked about what was holding up Dan's project, but Dan has worked out some of the issues and elements have changed accordingly and will continue to do so as planning gets more indepth.

Heffner asked about Bunker Hill as it relates to the trail.

Feringa gave an update on Bunker Hill Rd.- it's about a year out as they don't have any staff freed up to If you are planning to attend and are physically challenged, requiring any special assistance, please notify Cathy Dye, Clerk, within 24 hours of the meeting at 938-1350.

work on it.

Kushman reported that Creek's Crossing is a private road. Feringa is checking into it, because the tribe has it on their inventory and it wouldn't be there if it wasn't public. Will check with Rob (in his office). Wentzloff gave an update of her walk with TART behind Bertha Voss and the Catholic church leading towards Lochenheath.

Discussion followed on various alternative trail routes.

Winter talked about his experience riding on a trail of crushed cinder and how he was impressed with the surface of it, and how it can be easier to maintain. Discussion followed on using it on Acmes trails. Feringa cautioned not to let a stream crossing limit the placement of the trail.

3. Park Rules- Winter presented what the committee's responses were. Discussion followed.

Talked about the break down that Feringa sent. The committee liked the break down he gave.

- Definitions
- General Uses/Regulations
- Prohibited Activities
- Enforcement/Penalties
- Maps

Wentzloff asked if all the rules will be the same in every park.

Jenema said yes that was the plan.

Discussion followed about parks that may need park specific rules, such as Yuba nature center and the boat launch where different requirements are needed.

Discussion followed about different park rules.

Will have Jeff Jocks the township attorney look over the rules.

4. Gilroy Park Status- MDOT update, can't sell gilroy park as most of it is MDOT right away easement. They offered to let Acme maintain the park but not purchase it. Jenema suggested

Motion: Motion by Wentzloff 2nd, by Jenema. Recommend to the board, not pursue taking over operations at Gilroy park, but also communicate to MDOT that Acme would be interested in future collaboration or changes that may take place with that property.

Motions carries, Timmins absent

Park System Signs-Winter contacted Andrew Coleman (Image 360) and Valley Signs out of Grand Rapids. Asked for help with sign design. The committee has to recommend and send it to the board as it involves money.

Jenema talked about how the signs should all have the same theme within all the parks. Wants to have congruency within the parks.

Timmins returned to the meeting.

Discussion followed about logos and colors that would be unique to Acme township.

Feringa will contact Valley Signs and talk to them about a sample sign.

6. Meeting Times

Meeting times Discussed, meeting time will stay the same.

- G. **NEW BUSINESS:** none
- H. PUBLIC COMMENT

ADJOURN: Motion to adjourn Timmins, 2nd. Wentzloff.

Subject: Re: Wintergreen Woods

Hi Shawn,

I'm down state hunting but I did find out that any potential trail system would be reserved for the north side or Yuba Park Rd due to sensitive habitat and neighbors boundaries. I plan to get out there before the end of the year and see what might make sense. Hope that doesn't ruin any of your ideas. Also, I can't say that we'd be able to make it happen any time soon but if it were to be approved it'd be a quick build.

I'll be out the rest of the week.

Thanks
-Jake

Subject: Re: Wintergreen Woods

Shawn,

Thanks for the reply. My understanding is that we are in the process of writing a management plan for the property. It was brought up earlier on and so I wanted to see what your thoughts were on community needs. I'm not sure that it would support any significant trail system but we may be able to connect them to any trails that may exist at Sayler Park. Let me know your thoughts and in the mean time I'll dig up some details to inform you on exactly what we were thinking before you share this at your parks meeting. We have a meeting tomorrow that includes discussions about the site so I'll let you know. Stay tuned.

Thanks -Jake

Jacob,
To be honest we have never talked about it before. Is there something you all have in mind? At first glance, I think it's a great idea. There's a lot of land between Sayler Park and Wintergreen Woods that is under-utilized since there's no access. I think a nature trail through the two properties makes a lot of sense.
If you have any thoughts that you'd like me to share I'll put the topic on next week's Parks & Trails agenda.

Hi Shawn,

I was wondering if you could tell me if there was any goal or need for Acme Township to create trail at what we're calling Wintergreen woods? The Saylor Park addition. Can you let me know when you know?

Thanks

-Jake
